CEF Chicago Internship

ONE YEAR INTERNSHIP

During the 12-month internship, interns will need to learn to flow well with ministry. 12- month interns follow with the seasons; during summer they work closely with summer interns and help with our summer programs. Throughout fall they work with our media team to put together professional videos of the summer activities. Fall season also brings with it Good News Clubs whether online or in person. During winter, interns will have the opportunity to take part in Christmas party clubs and continue to teach Good News Clubs. When spring arrives CEF focuses on Ignite (our winter retreat) and recruitment for CYIA.

SUPPORT RAISING

Support raising is a requirement for the intern with the exception of a volunteer intern. It is essential for a missionary to have people supporting you through finances and through prayer; mission work is community based and supported, without the community we cannot do anything. CEF asks that you send out updates and support letters during your internship.
